Lesibe Dikgale	B u/13	80m H 200m H
Loyiso Solundwana	B u/13	200m
Rodgers Mano	B u/13	800m
Siwaphiwe Mgilane	B u/13	1500m
Brooklyn Rooskrantz	G u/12	100m
Siphiwe Kubheka	B u/12	100m
Declan Furstenburg	B u/11	Long Jump 100m

Download the Randfontein Primary School mobile App

Our new mobile app offers the following features:

- School photos and videos
- Easy access to important school information (Newsletters).
- Easy access to our extended school calendar.
- School notifications.
- Get access to our school's preferred providers.
- Read the latest school news in your area.
- See what is happening when at Events.
- Especially for all sports followers – read the latest sports news!

Steps to download app:

1. Open Google Play and Apple Store.
2. Search for AWSUM App for Schools.
3. Click on Install.
4. When the app is done installing, click on Open.
5. Register with your email address and password.
6. Select Randfontein Primary School from the list of schools.
7. Click on Save.
8. Remember to personalise your app at Settings.
9. Enjoy the app.

CORONAVIRUS

Coronaviruses (CoV) are a large family of viruses that cause illness ranging from the common cold to more severe diseases such as Middle East Respiratory Syndrome (MERS-CoV) and Severe Acute Respiratory Syndrome (SARS-CoV). A novel coronavirus (nCoV) is a new strain that has not been previously identified in humans. Coronaviruses are zoonotic, meaning they are transmitted between animals and people. Detailed investigations found that SARS-CoV was transmitted from civet cats to humans and MERS-CoV from dromedary camels to humans. Several known coronaviruses are circulating in animals that have not yet infected humans. Common signs of infection include respiratory symptoms, fever, cough, shortness of breath and breathing difficulties. In more severe cases, infection can cause pneumonia, severe acute respiratory syndrome, kidney failure and even death. Standard recommendations to prevent infection spread include regular hand washing, covering mouth and nose when coughing and sneezing, thoroughly cooking meat and eggs. Avoid close contact with anyone showing symptoms of respiratory illness such as coughing and sneezing.

Basic Protective Measures Against the New Coronavirus

Stay aware of the latest information on the COVID-19 outbreak, available on the WHO website and through your national and local public health authority. COVID-19 is still affecting mostly people in China with some outbreaks in other countries. Most people who become infected experience mild illness and recover, but it can be more severe for others. Take care of your health and protect others by doing the following:

WASH YOUR HANDS FREQUENTLY

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

Why? Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

MAINTAIN SOCIAL DISTANCING

Maintain at least 1 metre (3 feet) distance between yourself and anyone who is coughing or sneezing.

Why? When someone coughs or sneezes, they spray small liquid droplets from their nose or mouth which may contain virus. If you are too close, you can breathe in the droplets, including the COVID-19 virus if the person coughing has the disease.

AVOID TOUCHING EYES, NOSE AND MOUTH

Why? Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and can make you sick.

PRACTICE RESPIRATORY HYGIENE

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately.

Why? Droplets spread virus. By following good respiratory hygiene, you protect the people around you from viruses such as cold, flu and COVID-19.

If you have fever, cough and difficulty breathing, seek medical care early.

Stay home if you feel unwell. If you have a fever, cough and difficulty breathing, seek medical attention and call in advance. Follow the directions of your local health authority.

Why? National and local authorities will have the most up to date information on the situation in your area. Calling in advance will allow your health care provider to quickly direct you to the right health facility. This will also protect you and help prevent spread of viruses and other infections.

Times Tables

Grade 4 – 7

- ❖ The Grade 4 to 7 learners will write timetable tests every Friday.
- ❖ Help your child to learn their timetables.
- ❖ Knowing their times tables will assist with mathematical problems. It will speed up the computation of a problem and accuracy of the answer.

DATE	TABLES TEST
13 March	2 - 5 Times Tables

Happy Easter

We are collecting Easter Eggs and Chocolates for the less privileged. Please support this worthy cause by sending the Easter Eggs and Chocolates to your child's register teacher. Thank you for your support!

SCHOOL FEES 2020

- The amount of school fees to be charged per learner, for the 2020 academic year shall be R 7700 per year per learner.
- R 7700 per year per learner. The full amount is payable but allowance is made to pay R 770 per month over 10 months = R 7700
- R 6930 once off payment payable by the 31st of March 2020 (10% discount = R 770)

We urge parents to pay school fees promptly and to budget accordingly to alleviate any financial burden. Payment can be made in CASH, CHEQUE or DIRECT PAYMENT into the school account.
