Dear Parents / Guardians

5 JUNE 2024

The United Nations designated 5 June as World Environment Day (WED) to deepen public awareness of the need to preserve and enhance the environment. That date recalls the opening day of the United Nations Conference on the Human Environment (Stockholm, 1972), which led to the establishment of the United Nations Environment Programme (UNEP). Another resolution, adopted by the General Assembly the same day, led to the creation of UNEP. WED is the opportunity for everyone to realise not only the responsibility to care for the Earth and to become agents of change. World Environment Day also serves as the 'people's day' for doing something positive for the environment, galvanizing individual actions into a collective power that generates an exponential positive impact on the planet.

please note

Curriculum coverage and assessments will continue after the test week. All learners must attend school until Friday, 14 June. Extra-mural practices will resume on Monday, 3 June Please inform the school if your child is absent due to illness.

GENERAL SAFETY TIPS FOR CHILDREN

- Stranger danger – It's never a good idea to tell someone that you are home by yourself.
- Ensure that all doors and windows are locked. If you get home and the door is open or a window is smashed, don't peek inside, instead, go to a neighbour you trust for help.
- If someone knocks on the door do not open for anyone that you do not know. If there is an intercom system ask parents to teach you how to use it and who to open for.
- Ask parents to create an evacuation plan with you in case there is an emergency at home.
- Do not share your holiday plans with anyone on social networks such as Facebook, Twitter and Instagram. Thieves can gain access to up-to-the-minute details through status updates and posts, allowing them to learn when the home is likely to be empty.
- Don't give your home address to any strangers or people you do not know well.
- Never go out to meet anyone that you have spoken to on any social networks.
- If you want to practice how to cook make sure you do it under adult supervision first, ask parents to go over the safety rules of the kitchen with you first.
- In case of an emergency, like a fire or a sibling getting hurt. It is important that you ask your parents to draw up an "in case of emergency" list. It should have your address and home phone number as well as your parent's numbers and work address. Also get trusted family members details.
- When going out with friends, try not to wander by yourself. Let your parents know where you will be at all times and arrange to be fetched and dropped off at a safe public place.
- If you are the mall always stay in groups. If someone tries to get you to leave with them. Scream and make the people around you aware of what is happening.
